

Letter from the Mother of a NY firefighter

Written by Gadi Adelman

Received this letter and had to share it. This is in memoriam to George C. Cain.

Dear Mr. Adelman,

I just read your article and wanted to thank you for opposing the despicable plan to erect a mosque at the Sacred area of Ground Zero. Please keep up the information to as many people as you can and spread the word about these cowardly, murdering people.

Are you aware also, that they plan on having the opening of this mosque on the 10th Anniversary of the attacks? If that isn't a deliberate, well planned slap in the face....nothing is.

Letter from the Mother of a NY firefighter

Bad enough they pulled off their cowardly attacks, now we are letting them walk all over the graves of our loves one.

Right you are, Mr. Adelman, we've lost our minds, along with our freedoms and our way of life that we've known up to now, and we are laying out the red carpet for them to throw it all.

Peace to you,

Rosemary Cain,

Mother of Firefighter George C. Cain, Ladder 7, 35 years old, died 9/11, Twin Towers
